

Dear Pharmacist

## **Discovery Health pharmacy network changes and rates in 2020**

We want to keep you up to date with the changes and extend an open invitation to pharmacies that have not yet joined our preferred provider pharmacy network. If you would like to join the Discovery Health pharmacy network to become a Designated Service Provider (DSP) and have not done so yet, please complete the agreement(s) included in this document and send them to us at [provider\\_administrator@discovery.co.za](mailto:provider_administrator@discovery.co.za). For ease of reference all changes for 2020 are written in **red**.

## **Funding now available for primary health care and telemedicine consultations in clinic pharmacies**

We recognise the contribution pharmacy clinics make across South Africa. In order to improve access to primary healthcare for members on certain plans, we will be establishing Pharmacy Clinics from 1 January 2020. We will therefore be covering pharmacy clinic consultations within the network. We will be rolling out this initiative in phases in 2020. Participation in the Pharmacy Clinic network will be voluntary and open to all willing pharmacy clinics that meet the requirements. Please look out for further communications on this initiative.

## **Schemes participating in the Discovery Health pharmacy network**

For your convenience, we have also attached a comprehensive summary of the rates applicable to each of the medical schemes that we administer, and the services offered. To avoid charging unnecessary co-payments for scheme members, please ensure you confirm your chosen network rate with your software vendor well in time.

## **Cancelling or changing your Designated Service Provider (DSP) network agreement**

Participating in the Discovery Health pharmacy network is voluntary. If you choose to withdraw your participation, please send your request to [provider\\_administration@discovery.co.za](mailto:provider_administration@discovery.co.za), together with your BHF practice number. We will end your participation in the particular rate network according to the contract specifications. You will also need to instruct your software vendor of the change in writing. Once you are no longer part of the Discovery Health network, you will not be able to participate in Performance Based Remuneration or the MedXpress Pharmacy Network and HIV DSP network.

## **Participating in Performance Based Remuneration**

Make sure you also enrol on the Performance Based Remuneration (PBR) network offered by Discovery Health Medical Scheme to earn an additional dispensing fee when adhering to the required compliance levels. Participation is voluntarily.

Independently owned pharmacies and corporately owned pharmacies are invited to complete the document: *'Application to join the Performance Based Remuneration (PBR) pharmacy network for pharmacies'* included

herein. Please print and sign the agreement, and return it to [provider\\_administration@discovery.co.za](mailto:provider_administration@discovery.co.za) in order for us to register you on the PBR network.

**Visit our website for more information**

All our formularies, application forms and previous communications to pharmacies are available at [www.discovery.co.za](http://www.discovery.co.za).
