KeyCare acute medicine

- This formulary contains medicines for acute (short term) use only
- We have set the quantity of medicine for each medicine sub-category (medicines with similar therapeutic effects) according to a specified number of days. For example, a member can claim up to a maximum of 30 Moxymax 250mg capsules once every 120 days or 200ml Augmaxcil S suspension once every 120 days
- **Please note:** You may prescribe only one medicine from each medicine sub-category in the specified time period. For example you may not prescribe Aspirin and Paracetamol within 120 days of each other, because both medicines are in the same medicine sub-category

KeyCare acute medicine

- This formulary contains medicines for acute (short term) use only
- We have set the quantity of medicine for each medicine sub-category (medicines with similar therapeutic effects) according to a specified number of days. For example, a member can claim up to a maximum of 30 Moxymax 250mg capsules once every 120 days or 200ml Augmaxcil S suspension once every 120 days
- **Please note:** You may prescribe only one medicine from each medicine sub-category in the specified time period. For example you may not prescribe Aspirin and Paracetamol within 120 days of each other, because both medicines are in the same medicine sub-category
