How **what you spend** affects your rewards

Your monthly spend on your qualifying Discovery Bank cards determines your Vitality Money rewards.

- If you have a **Discovery Bank Credit Card Account** or **Discovery Bank Suite**, we count your card spend linked to your credit card accounts or foreign currency accounts.
- If you have a **Discovery Bank Transaction Account**, we count your card spend linked to your transaction accounts or foreign currency accounts.

This includes any qualifying spend on **additional** or **secondary** cards.

Know what spend qualifies towards your rewards

Your qualifying spend includes local and international straight or budget Discovery Bank card purchases that have been banked by a merchant (online or in-store).

Qualifying spend also includes prepaid products and services that you have purchased through the Discovery Bank app, Health Pay and Vitality Pay transactions, Vitality Travel bookings and visits to The Lounge paid for using your cards.

Transactions that don't qualify towards spend:

- Cash withdrawals
- Traveller's cheque purchases
- EFTs
- Debit orders
- Budget facility transfers
- Gambling transactions
- Contact Payments
- Payments made through online banking
- **For Discovery Bank Credit Card Account and Suite client**
 - Any card spend linked to your transaction account

How your Vitality Money status affects your rewards

Improve your Vitality Money status to unlock higher rewards. As your financial health improves, so will your Vitality Money status, and your rewards can increase.

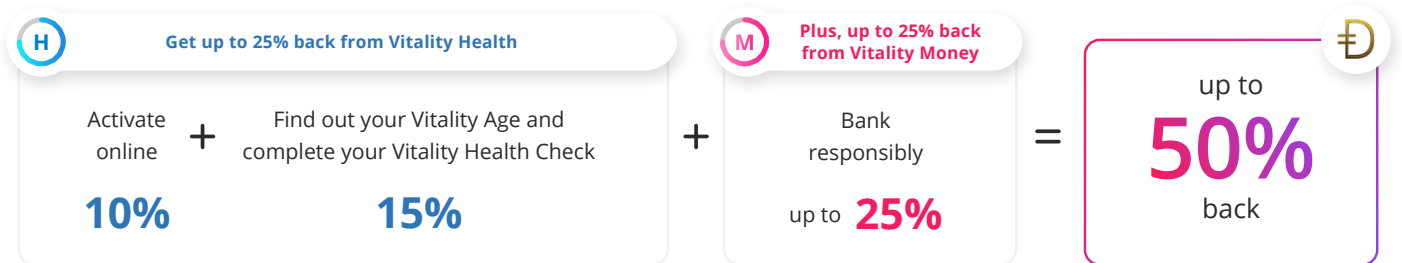

[Learn more](#) about how to manage and improve your Vitality Money status and get to Diamond status.

Travel benefits

When calculating your travel benefits, we look at your Vitality Money status and your average monthly spend on your Discovery Bank cards over the past 12 months measured since the time you've had a Discovery Bank product eligible for rewards (i.e. a Discovery Account, Discovery Bank Transaction Account, Discovery Bank Credit Card Account, or Discovery Bank Suite).

- If you upgraded from a Discovery Account or Discovery Bank Transaction Account to a Discovery Bank Credit Card Account or Discovery Bank Suite, we'll count your qualifying spend before and after you upgraded separately based on the product you had at the time.
- If you have not had a qualifying Discovery Bank product for twelve months, we'll use your average monthly spend for the number of months available. However, if you switched from the previous Discovery Card product to a Discovery Bank Credit Card Account or Discovery Bank Suite, we'll count your Discovery Card product spend history from before upgrading.
- If you've recently joined Discovery Bank as a new client, in your first two calendar months your Vitality Money rewards will be based on the maximum reward percentage available for your Vitality Money status, regardless of how much you've spent. From the first day of your third calendar month, we'll start using your actual spend history to determine your rewards.
