

Dear Pharmacist

Discovery Health Standard Pharmacy Network Agreement

We would like to enter into a pharmacy network agreement with you, in order for you to benefit from our pharmacy network. To ensure that you have all the necessary information about our pharmacy network(s), we have included:

- Our Standard Pharmacy Network agreement
- Our Standard Pharmacy Network rates
- A comprehensive summary of the rates for each of the medical schemes that we administer that
 follow our Standard Pharmacy Networks and the services offered by the schemes as per the benefit
 plans. Please confirm your chosen network rate with your software vendor to avoid charging scheme
 members unnecessary co-payments.

Joining the Discovery Health Standard Pharmacy Network

If your pharmacy *is NOT yet part* of the Discovery Health Standard Pharmacy Network and you want to join, complete the relevant forms listed below and send them to us at provider_administration@discovery.co.za:

- 1. Appointment as non-exclusive network provider (including Standard Designated Service Provider). This is the Standard Pharmacy Network and rates agreement and it is mandatory for all pharmacies that want to take part in the network.
- 2. Application to join the Performance Based Remuneration (PBR) Pharmacy Network for independent pharmacies, which only independently owned pharmacies must complete.
- 3. Data legislation and the Protection of Personal Information Act form, which is mandatory for all pharmacies that want to take part in any of the networks.
- 4. Application to join the Diabetes Clinic Network Agreement, which is voluntary on the provision that the pharmacy employs at least one registered nurse whith her own BHF practice number, who has completed one of the specified diabetes courses successfully. For further information please refer to the Diabetes Clinic Network Handbook which you can request from us at HealthPartnerInfo@discovery.co.za.

Cancelling or changing your network agreement

Taking part in a Discovery Health Standard Pharmacy Network is voluntary. If you choose to withdraw your participation, please send your request to <u>provider_administration@discovery.co.za</u> together with your BHF practice number. We will end your participation in the network according to the terms of the agreement.

You must also let your software vendor know in writing of the change. Once you are no longer part of the Discovery Health Standard Pharmacy Network, you cannot take part in the Performance Based Remuneration Pharmacy Network, the MedXpress Pharmacy Network or the HIV Pharmacy Network.

Independently owned pharmacies can also join the Performance Based Remuneration Pharmacy Network

If you are an independently owned pharmacy, make sure you also join the Performance Based Remuneration Pharmacy Network that Discovery Health Medical Scheme offers. You can then earn an extra dispensing fee when you stick to the compliance levels of this network. Taking part in this network is voluntarily.

Please complete and sign the agreement, and send it to <u>provider_administration@discovery.co.za</u> so we can register you on the Performance Based Remuneration Pharmacy Network.

Visit our website for more information

All our formularies, application forms and previous communication to pharmacies is available on the Healthcare Professional Zone at www.discovery.co.za Discovery ProPBM > Communiques.

Thank you for your commitment to working with us to make sure the members of the medical schemes we administer continue to have access to affordable medicine and quality service.

If you have any questions, email us at healthpartnerinfo@discovery.co.za.

Provisions for taking part in this Performance Based Renumeration (PBR) Pharmacy Network

In the rest of this agreement, we call the pharmacy described above "the Pharmacy".

The Pharmacy has chosen by completing this application form to join the PBR Pharmacy Network on the terms and conditions below.

This PBR Pharmacy Network agreement only applies to Discovery Health Medical Scheme members. Discovery Health will let the Pharmacy know if we add any other schemes we administer that are willing to take part in the PBR Pharmacy Network from time to time. PBR does not apply to courier pharmacies. The Pharmacy agrees:

- to join the PBR Pharmacy Network as a DSP from the first day of the current month in which we receive the signed application form (effective date);
- that taking part in the Non-exclusive Designated Services Provider (DSP) Independent Community Pharmacy Network agreement (Standard Pharmacy Network) is a requirement for taking part in this PBR Pharmacy Network;
- that these terms and conditions must be read together with the attached Standard Pharmacy Network agreement that describes the existing standard dispensing fees and provisions;
- that Discovery Health and its staff members can use the Pharmacy's details set out in this application form for operational purposes;
- to always comply with existing medicine and pharmacy legislation, standards and codes of conduct;
- that there are no rate changes needed on its system since we will retrospectively apply the variable PBR dispensing fees to Chronic Illness Benefit (CIB) claims only, and only if and when the Pharmacy qualifies by reaching or exceeding the compliance threshold set out below;
- that it will continue to charge the members the rates agreed to according to the Standard Pharmacy Network agreement. However, once its individual compliance performance has reached or exceeded the compliance threshold for the previous calendar month, it will automatically qualify for the PBR variable dispensing fee to apply again for the next month;
- that it undertakes to inform its software vendor that the benchmark price and benchmark products can be included and displayed on its screen at the Pharmacy. It will inform the software vendor by emailing this signed application form to them;
- that we will measure their individual formulary compliance performance monthly and apply the applicable PBR variable dispensing fee according to the latest PBR and MedXpress network rules agreement as published on the Discovery website (www.discovery.co.za). We will inform the Pharmacy of its performance per email to the email address on the Discovery Health system;
- · that Discovery Health reserves the right to review and automatically increase the threshold after formulary updates;
- to comply with the MedXpress criteria as published in the latest PBR and MedXpress network rules agreement on the Discovery website (www.discovery.co.za) and in so doing participate in MedXpress DSP Network provided that you maintain the required criteria;
- to treat and keep confidential all information provided to it relating to the PBR DSP Network or otherwise and which, even if not marked as confidential, by its nature or contents is identifiable as, or could reasonably be expected to be confidential and/or proprietary and which will only be used for the purposes of insight relating to this agreement. It shall not under any circumstances disclose, exchange or distribute the contents thereof to any third party other than its employees who "need to know" for the purposes of providing the service and who are under same the obligation as it is under to exercise the same degree of care in protecting the confidential information and personal information (as defined in the Protection of Personal Information Act);
- that the retrospective PBR payment report is compiled by Discovery Health on a three-months basis for pharmacies that have reached or exceeded the compliance threshold. The PBR payment report comprises of the CIB claim lines submitted by qualifying pharmacies during the report period (full calendar months only). Whereby the difference between the paid dispensing fee and PBR variable dispensing fee is calculated for formulary and benchmark items paid from CIB. The difference is paid by the Scheme during the next month, as a normal payment run, following the three-monthly review;
- that the PBR dispensing fee is subject to change from time to time and the PBR version-two dispensing fee for corporate and independently owned pharmacies is published on www.discovery.co.za. That when it fails to reach the required PBR compliance threshold for the calendar month, it will no longer qualify and the applicable PBR variable dispensing fees will, therefore, not apply for the next month. The rate of the Standard Pharmacy Network will then apply until the Pharmacy qualifies again for the benefits of the PBR DSP Network;
- that claims for KeyCare and Delta network options, courier claims, corporate hospital pharmacies that charge the independent DSP rate, pharmacies not
 contracted to the PBR DSP Network or the Standard Pharmacy Network, claims paid from any other benefits other than the CIB, including but not limited to
 acute benefits, HIV, oncology benefits and Additional Disease List claims will be excluded from claiming the PBR variable dispensing fees;
- any party shall be entitled to terminate this PBR Pharmacy Network agreement on 1 (one) calendar month's written notice to the other party. Please send
 termination request and such request must contain the Pharmacy's BHF number to: provider_administration@discovery.co.za. Once terminated, the
 chosen Standard Pharmacy Network dispensing fee applies to all CIB claims.
