Guaranteed Income Plan

Our Guaranteed Income Plan provides you with peace of mind through a guaranteed return and a guaranteed regular income on your investment for five years. These plans are ideal for you if you are looking for low risk and stability in your investments.

When you invest in this plan, you need to decide how much you want to invest to give you a guaranteed return at the end of five years. You must also decide how much you want to set aside to provide you with a guaranteed regular income for five years.

Your investment will be split into two parts:

Part 1: Growth portion

We will give you a guaranteed amount at the end of five years. This is known as the guaranteed maturity value.

Part 2: Income portion

We will give you a guaranteed regular income for the five years through a voluntary annuity. When you start your investment, you may also choose to have a level income over the five years or for your income to grow at 5%, 10%, 15% or 20% each year.
