HOW TO COMPLETE A CONSULTATION NOTE ON THE PLATFORM

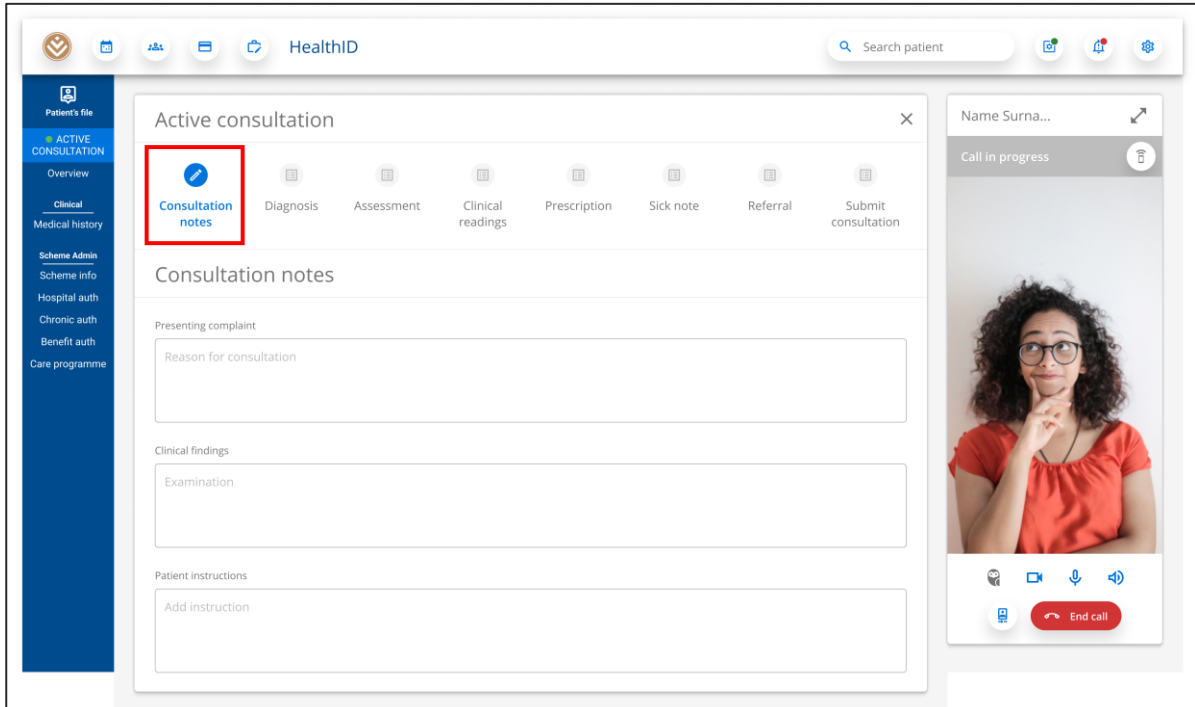

DISCOVERY HEALTH
2023

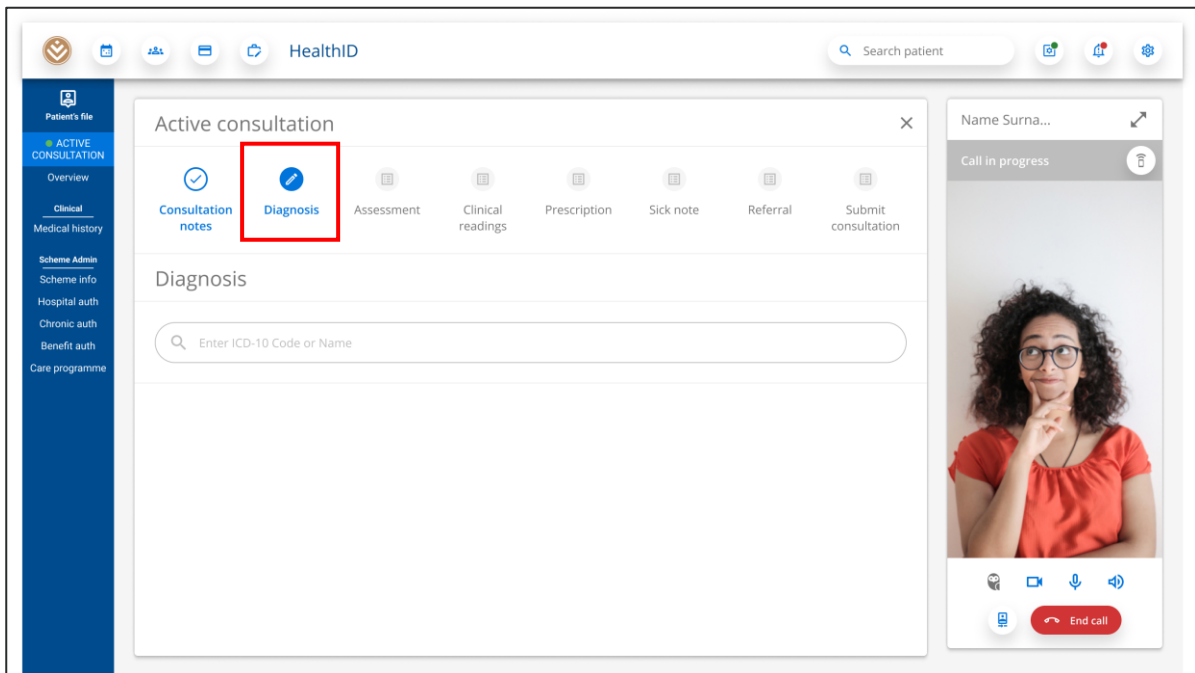

How to complete a consultation on the platform

1. Initiate an online, in-person or telephonic consultation.
2. The user will land on the 'Consultation notes' page.
3. The user can capture notes under 'Consultation notes' by completing all of fields as per below.

4. The user must capture the patient's primary diagnosis.

- On the 'Submit consultation' page, the user can review all information captured during the consultation. The user can return to any section of the active consultation and add or update information. When the user clicks on the 'Submit' button, the consultation will be submitted and a view of the submitted consultation section will appear. This includes the option to download any documents created during the consultation, i.e., prescription, sick note and referral letter.
