

CYBER SECURITY

INTRODUCING FURTHER ENHANCEMENTS TO OUR CYBER COVER

Our cyber insurance offering provides you with a holistic solution to help you understand and mitigate your cyber risks. We aim to raise awareness so that you are prepared for the dynamic cyber environment. You get comprehensive cyber insurance that includes preventative solutions to help you protect your business against cyber attacks.

We are proud to offer you additional protection against phishing and other cyber threats, especially during this time when cyber risk exposure has increased. We give you access to digital platforms that enable you to adapt to new ways of working during the COVID-19 lockdown and beyond. You also get access to IT support services at no additional cost to help you with IT issues you may experience. These benefits are offered through our cyber partner, AVeS Cyber Security.

Get access to Microsoft Office protection with Kaspersky

You can get Kaspersky Security for Microsoft Office 365. This security package protects your business by providing anti-phishing, anti-spam and anti-malware protection, as well as attachment filtering that enables you to set up rules to filter what types of email attachments to allow and block on the mail server.

You can get this security package at no additional cost for the first six months. Thereafter, you will get a 30% discount on the cost so that you only pay a rate of R21.85 per user per month. AVeS Cyber Security will also provide the necessary support services to set up the Kaspersky Security for Microsoft Office 365 package. This service is available at no additional cost to the first 50 users per insured business.

*Special
offer*

Clients whose insurance cover starts between 1 July and 31 December 2020 will get Kaspersky Security for Microsoft Office 365 at no additional cost for 12 months for five users per insured business.

Get access to digital platforms that enable seamless collaboration

You can get the Microsoft Office 365 Business Basic package that includes online access to Outlook, OneDrive, SharePoint and Teams. You can get this package at no additional cost for the first six months. Thereafter, you will get a 20% discount on the cost so that you only pay a rate of R87.40 per user per month.

AVeS Cyber Security will also provide the necessary support services to help you set up the Microsoft Office 365 Business Basic package. This service is available at no additional cost to the first 50 users per insured business.

Get access to dedicated IT support services

Through a dedicated service provided by AVeS Cyber Security, all Discovery Business Insurance clients get access to IT support services at no additional cost. This provides you with expertise that help to resolve IT issues quickly to minimise interruptions to your business. You can get IT services such as assistance with resolving connectivity issues, installing applications, server access, PC performance issues and VPN configuration.
