# Insure Funder Account special offer

The Insure Funder Account is a dynamic tool to help you fund your motor vehicle excess, pay for new tyres, your vehicle servicing costs, or even vehicle licence renewals. If you are on the Vitality Drive programme, you can choose to have your fuel rewards paid into your Insure Funder Account.

## How it works

### New business clients and clients on Vitality Drive for less than three months:

Normally, you double your fuel cash back when it's paid into your IFA. But for these three months, we're giving you even more.

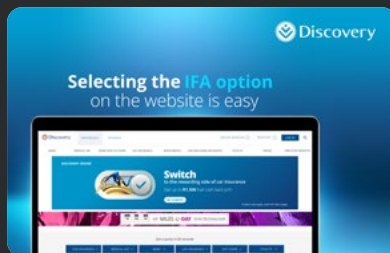

Instead of earning up to R1,500 cash back, you can earn up to R4,500 paid into your Insure Funder Account every month for the next three months.

From 1 October to 31 December 2025, switch to the Insure Funder Account and triple your fuel rewards – that's **3x** the value, just for choosing to get your cash back paid into your IFA.

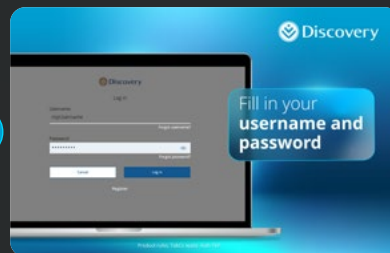

### Existing clients who have been on the Vitality Drive programme for more than three months:

Don't worry, you can still benefit from the special offer. Instead of tripling your fuel rewards for the next three months, we will pay the last three months of your earned fuel rewards into your Insure Funder Account.

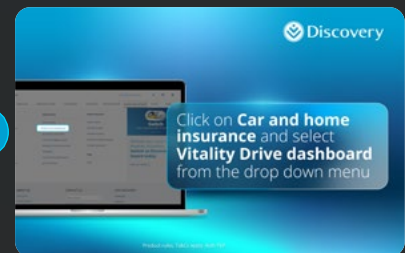

## Switching to the Insure Funder Account is easy

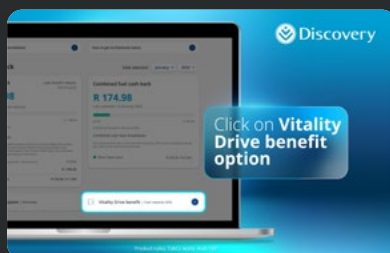

01 | Visit [www.discovery.co.za](http://www.discovery.co.za).

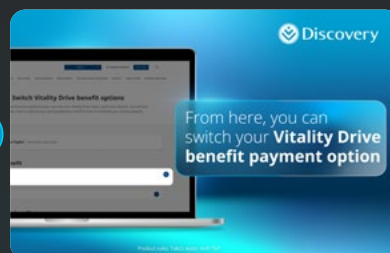

02 | Select the login tab and fill in your username and password.

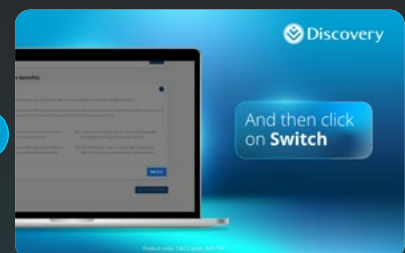

03 | Click on car and home insurance, and select Vitality Drive dashboard from the dropdown menu.

04 | Click on the Vitality Drive benefit option.

05 | From here, you can switch your Vitality Drive benefit payment option.

06 | Click on Switch.

## Terms and conditions

**For new business clients and clients who have been on the Vitality Drive programme for three months or less**

Discovery Insure will triple your next three consecutive months' fuel rewards into the IFA. After these three months, your rewards will continue to be doubled and paid into your IFA if you do not change your rewards payment option.

**For existing clients who have been on the Vitality Drive programme for more than three months and have an IFA balance of zero**

If you select the IFA as your rewards payment option between 1 October to 31 December 2025, then you will receive your last three months' fuel rewards paid into your IFA. These rewards will not be doubled and will be equal to the rewards earned during the last three months.

Remember that:

- Must select IFA as your rewards payment option between 1 October to 31 December 2025.
- Switching back and forth between payment options disqualifies you from the offer.
