Allied, Therapeutic and Psychology Benefit

Available on the Executive, Comprehensive and Priority Plans only

We pay for out-of-hospital allied, therapeutic and psychology services from your day-to-day benefits

We pay out-of-hospital allied, therapeutic and psychology healthcare services from the available funds allocated to your Medical Savings Account (MSA). When the money in your Medical Savings Account (MSA) is used up, you must pay these claims until you reach your Annual Threshold. You will then have cover from your Above Threshold Benefit (ATB).

The *Classic Smart Comprehensive Plan* does not have a Medical Savings Account (MSA), so you must pay for day-to-day medical expenses until you reach the Annual Threshold, unless related to a sports injury and covered by the Sports Injury Benefit. For more information on the Sport Injury Benefit please refer to the Sports Injury Benefit on the Classic Smart Plan guide available on our website at www.discovery.co.za under Medical Aid > Manage your health plan > Find important documents and certificates.

We pay for allied, therapeutic and psychology healthcare services up to an annual limit on the Executive, Comprehensive and Priority Plans

Out-of-hospital allied, therapeutic and psychology healthcare services are covered up to the Discovery Health Rate to an overall annual limit, which varies according to family size and plan type. Please refer to [Benefits available on the different plan types](#) section to see what limit is applicable to your health plan. These are not separate limits. Depending on your plan, limits apply to claims paid from your Medical Savings Account (MSA), by you, and from the Above Threshold Benefit (ATB).
