The information contained in this document may be subject to change.

When you register for the HIV Care Programme, you are covered for the care you need. You can be assured of confidentiality at all times. The HIV Care Programme and the utilisation of the benefits on the programme is subject to specific conditions and rules. Members must ensure that they are familiar with these rules and conditions. The Scheme rules and the most up to date HIV benefit guide and formularies (medicine lists) are always available on www.discovery.co.za under Medical Aid > Manage your health plan > Find important documents and certificates > Benefit information.

Any instruction or advice we give about medicines and the management of the member's condition is intended as a supplement to, and not a substitute for, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

You may need to get your medicine from a designated service provider (DSP) to avoid a 20% co-payment. Visit www.discovery.co.za or click on Find a provider in the Discovery app to find providers in our network.

Discovery Health Medical Scheme reserves the right to change the benefit at any time. We will communicate any changes to the way we pay medicines when we make these. The latest version is always available on www.discovery.co.za under Medical Aid > Manage your health plan > Find important documents and certificates.
