Nominate a primary care provider to manage your chronic condition(s)

There is overwhelming medical evidence that patients experience improved health outcomes when their primary care is coordinated through a single primary care GP. In line with this best practice, starting 1 January 2024, you and your dependants need to nominate a primary care GP for the effective management of your chronic conditions.

When you visit your nominated network GP for the management of your chronic condition, we'll cover the consultation at 100% of the Discovery Health Rate (DHR). If you see a GP who is not your nominated primary care GP, or your nominated GP is not a network GP, you will be responsible for any co-payments. You and your dependants can change your nomination three times every calendar year.

Nominate your GP or manage your existing nomination [here](#) or access the following path <https://www.discovery.co.za> > Medical aid > Nominate a primary care GP.

Patients acceptance and permission

I give permission for my healthcare provider to provide Discovery Health Medical Scheme and the administrator with my diagnosis and other relevant clinical information required to review my application. I agree to my information being used to develop registries. This means that you give permission for us to collect and record information about your condition and treatment. This data will be analysed, evaluated and used to measure clinical outcomes and make informed funding decisions.

I understand that:

1. Funding from the Prescribed Minimum Benefit (PMB) is subject to meeting benefit entry criteria as determined by Discovery Health Medical Scheme.
2. The Prescribed Minimum Benefit (PMB) provides cover for disease-modifying therapy only, which means that not all medicines for a listed condition are automatically covered by Prescribed Minimum Benefits (PMBs).
3. By registering for Prescribed Minimum Benefits (PMBs), I agree that my condition may be subject to disease management interventions and periodic review and that this may include access to my medical records.
4. Funding for treatment from Prescribed Minimum Benefit (PMB) will only be effective from when Discovery Health Medical Scheme receives an application form that is completed in full.
5. An application form needs to be completed when applying for a new Prescribed Minimum Benefit (PMB) condition.
6. If I am approved on the benefit, I need to let you know when my treating doctor changes my treatment plan so that you can update my Prescribed Minimum Benefit (PMB) authorisation/s. I can do this by emailing the new prescription to you or asking my doctor or pharmacist to do this for my.
7. To make sure that you pay my claims from the correct benefit, I need the claims from my healthcare professional to be submitted with the relevant ICD-10 diagnosis code(s). Please ask your doctor to include your ICD-10 diagnosis code(s) on the claims they submit and on the form that they complete when they refer you to the pathologists and/or radiologists for tests. This will enable the pathologists and radiologists to include the relevant ICD-10 diagnosis code(s) on the claims they submit, ensuring that you pay my claims from the correct benefit.

Consent for processing my personal information

I give the Scheme and the administrator consent to have access to and process all information (including general, personal, medical or clinical information) that is relevant to this application. I understand that this information will be used for the purposes of applying for and assessing my funding request for the Prescribed Minimum Benefits (PMB). I consent to the Scheme and the administrator disclosing, from time to time, information supplied to them (including general, personal, medical or clinical information) to my healthcare provider and to relevant third parties, to administer the Prescribed Minimum Benefits (PMB) as well as undertake managed care interventions related to the benefit. You can view and read our Privacy Statement on www.discovery.co.za > Medical aid > About Discovery Health Medical Scheme.

Consent withdrawal for your Disease Management Benefits

Withdrawing consent for your general, personal, medical or clinical information to be accessed or shared with relevant third parties, means that you will no longer have access to funding from the applicable disease management benefits. Claims which would usually be funded from the disease management benefits will, once consent is withdrawn, be funded from other available benefits according to the rules of your plan. Should you wish to continue with the consent withdrawal process, then please call **0860 99 88 77**.

Notes to Healthcare Professional

3.1. Please ensure that the relevant ICD-10 diagnosis code(s) are used when you submit your claims to the Scheme to ensure payment from the correct benefit.

- 3.2. Please include the ICD-10 diagnosis code(s) when referring your patient to the pathologists and/or radiologists. This will enable the pathologists and radiologists to include this information on their claims and allow us to pay claims correctly.
- 3.3. We will approve funding for medicine as per a defined list of medicine applicable to this benefit.
- 3.4. Please submit all the requested supporting documents with this application to prevent delays in the review process.
- 3.5. Should you make changes to your patient's treatment plan, you need to let us know so that we can update their authorisation/s. You can do this by emailing the new prescription to us. If you or your patient do not let us know about changes to the treatment plan, we may not pay claims from the correct benefit.
